Pre/post-workshop activity

MEMO

Name.....

A. What order and category of question would you use for each of the following:

1. To encourage young, struggling learners - *lower order closed (1)*
2. To develop thinking - *higher order open (1)*
3. To find out what learners already know - *lower order closed (1)*
4. To modify learners' behaviour *lower order open / closed (1)*

B. Say whether the following are True or False

1. It is important for cognitive development that learner's ask their own questions. *True (1)*
2. The teacher answering his/her own questions helps learners understand *False (1)*
3. Probing and prompting helps learners to clarify their ideas *True (1)*
4. Teachers don't have time to allow learners to ask their own questions *False (1)*
5. Learners waste a teacher's time asking their own questions so it is best to ignore them. *False (1)*
6. When scaffolding it is important to break the lesson into small parts *True (1)*
